A 12-YEAR-OLD female student was found dead at Fulbaria in Savar, on the outskirts of the capital, on Monday.

The deceased was identified Munnir Akter, 12, daughter of Shamsul Miáh, a resident of village Agolgasi under Palashbari upazila in Gaibandha. She was a grade six student of Mohammad Ali-Yakub Ali School and College in the area, police said.

On information, police recovered the hanging body from the ceiling of a bed room in her, family sources said.

Savar police officer-in-charge SM Kamruzzaman said the body was sent to Dhaka Medical College and Hospital for post-mortem examination.

Quoting the victim's family, he said the girl might have committed suicide being unable to tolerate the pain of a disease that she had been suffering for long.

'Autopsy report would ascertain the reason of her death,' the OC said.
