# Comilla Polytechnic Instt closed sine die

COMILLA, Sept. 11 (UNB): The Comilla Polytechnic Institute was closed sine die Sunday night, and the authorities have asked the students to vacate their hostels.

The student union election of the institute, scheduled for September 13 (Wednesday), has also been postponed for an indefinite period, official sources said.

District administration took the decision Sunday night to avoid further deterioration of law and order in the town following Thursday's killing of JCD worker Golam Rabbani Liton.
