Call to make Pry. education fruitful

Education Minister Mahbubur Rahman on Sunday reminded the officers and employees of the Education Department of their responsibility in making the primary education system well consolidated and fruitful, reports BSS.

He was addressing the District Education Officers conference at the auditorium of the Atomic Energy Commission. Dr. Zahirul Islam Bhuiya, Director General, Primary Education, presided over the conference.

Deputy Education Minister Golam Sarwar Milon attended the function as special guest.

The Education Minister said that primary education constituted the main pillar of our whole education system from the elementary to the higher levels. He urged the education officials and employees engaged in all tiers from the directorate to the upazila levels for the proper promotion of the primary education.
