Edn body may finalise report in a month

DHAKA, B.S.: Education and Cultural Affairs Minister Prof A Q M Badruddoza Chowdhury on Wednesday said efforts would be made to complete the report of the Education Committee within a month for early implementation of its recommendations.

He said we had talked and discussed enough about our education system and now was the time to act to materialise the ideas.

Speaking as the chief guest at the publication ceremony of the fortnightly "Shikshapatra" at the Jatiya Press Club auditorium here, Prof Chowdhury said people should be made literate so that they could know about themselves, the country, facts about the Liberation War and different aspects of their life.
