IUB ranks top among Bangladesh univs

Staff Correspondent | Published at 01:06am on February 05, 2019

Independent University Bangladesh has been ranked as the number one university of Bangladesh by the Webometrics Ranking Web of Universities, said a press release on Sunday.

According to the press release, RWU is produced by the Cybermetrics Lab, a unit of the Spanish National Research Council, the main public research body in Spain, which is one of the top research and development related European institutions.

The RWU uses four criteria for ranking an institution — presence, visibility, transparency and excellence, compiling the data from reliable sources like Google, Ahrefs, Majestic, Google Scholar Citations, and Scimago.

RWU has ranked IUB as the number one assessing all the essential criteria.

Besides, IUB was also ranked 859th among the 11,852 Asian universities, 124th among 4,479 universities in South Asia, and 3,006 among 28,000 universities across the world, the release said.
