General education development department of Daffodil International University organised the Inter-departmental Math Olympiad 2019 at Ekattor Milanayatan in the university on Tuesday.

Bangladesh Math Olympiad Committee general secretary Munir Hasan as the chief guest distributed prizes among 25 winners of the contest at an award ceremony, said a press release on Wednesday.

‘A technological transformation is going on across the world while most countries are now recruiting mathematicians in banking sectors,’ said Munir while addressing the function. DIU acting vice-chancellor SM Mahbub Ul Haque Majumder presided over the function while head of General Education Development department professor Syed Mizanur Rahman and convener of the event Bimal Chandra Das, also the GED department associate professor, were present on the occasion.

CSE department students Tanima Hossain became champion in the competition while Sharnali Paul Chaity and Md Sazzad Hossain from the same department became first and second runner-up, the release said.
