### **Rajshahi Medical College Hospital**

I full endorse the views expressed by Mr. L.K. Rahman in his letter published on 17-10-1992 under the caption mentioned above in your letter column.

Local metropolitan polices have been still staying for 24 hours at Rajshahi Medical College Hospital (RMCH) premises in connection with some untoward incidents that occurred here as RMCH is run in a careless manner.

It is pity that government had not posted any FRCS, MARCOG and MRCP doctors here since a decade though it is the only top hospital in the whole of Rajshahi and Khulna Divisions in northern region as mentioned in the above letter.

We, the people of northern region urge upon the democratic government as Mr. L.K. Rahman did to set up a High Court Enquiry Commission headed by a learned Judge to remove the grievances of the people about the RMCH and make arrangements save valuable lives of the people as early as possible.

I also request you to please write an editorial in support of the above letter.

Md. Shamsul Huq
