The department of EEE of the Ahsanullah University of Science and Technology, in association with IEEE AUST Student Branch and IEEE Power and Energy Society Bangladesh Chapter, arranged IEEE distinguished lecture programme at the VC seminar room on Wednesday.

Saifur Rahman, IEEE president-elect 2022 and Joseph Loring Professor of Virginia Tech Research Center, delivered his speech on 'The Climate Change Challenge IEEE's Role in Bringing Technology to Meet the Challenge' as keynote speaker of the event.

Muhammad Fazli Ilahi, vice-chancellor, AUST was present as chief guest of the event, said a press release.

Among others, Mahbubur Rahman, pro-VC, Shahidul Islam Khan, founding chair, IEEE Bangladesh Section and professor of BRAC University, Md Mahbub Ul Alam, chairman, board of directors, Social Islami Bank Limited, professors and faculty members from different departments were present.

More than 100 students were present and took part in the interactive question and answer session. Tareq Aziz, head of EEE department conducted the event.

The speakers said that fossil fuel-based electricity production is responsible for roughly 30 per cent of carbon emissions globally.

A rising level of greenhouse gas emissions, its effect on life and property, food production and human productivity on the planet are raising alarm in the civil society, among policy makers and industry leaders.
