

Bogra Medical College closed *sine die*

BOGRA, Aug 3: Bogra Medical College has been declared closed for an indefinite period today following a clash between two rival student bodies at the college hostel on Saturday, reports UNB.

The authorities asked the student to leave the hostel.

Campus sources said the trouble began after allotment of seats in the college hostel in favour of eight Chhatra Shibir activists without any notification.

Ruling party backed Chhatra League blamed the hostel super for illegal distribution of the seats and demanded cancellation of allotment.

On Monday, BCL activists confined Principal Prof Mahfuzur Rahman in his room for seven hours demanding cancellation of the allotment.

The Academic Council at a meeting today declared the college closed *sine die* and cancelled the seat allotment.
