

3 BCL activists 'vandalise' IU medical centre

Three activists of Chhatra League's Islamic University unit allegedly vandalised the medical centre on campus in Kushtia yesterday.

The three have been identified as Rezwan Siddiqi Kabbo, Atik Arman and Salman Ohin -- students of the university's law department.

Wahidur Rahman Milton, duty doctor at the medical centre, said Kabbo along with the two came to him, complaining of chest pain. Ten minutes after receiving treatment, Kabbo misbehaved with him, as he was "drunk" and asked for an ambulance, the doctor said.

Later, the three students vandalised the medical centre and forced the ambulance driver to take them to Kushtia town, he added.

Islamic University Pro-Vice Chancellor Prof M Mahbubur Rahman, Treasurer Prof M Alamgir Hossain Bhuiya and Proctor Prof M Shahadat Hossain Azad visited the medical centre yesterday morning.

The proctor said they would take legal action against the accused involved in vandalising the medical center.

A written complaint was submitted to the university's Acting Registrar HM Ali Hasan in this regard.

It is worth mentioning that the university authorities suspended Kabbo for violating the university's rules and regulations on July 23, 2022. His suspension has not been withdrawn yet, the proctor said.

Kabbo could not be contacted for comments despite repeated attempts.
