The department of civil engineering of United International University organised the inauguration of the Centre for Smart Infrastructure Resilience and Sustainability on Saturday on UIU campus in Dhaka.

Environment, forests and climate change minister Saber Hossain Chowdhury was present as chief guest while local government, rural development and cooperatives ministry secretary Muhammad Ibrahim was special guest, said a press release.

The UIU vice-chancellor professor Md Abul Kashem Mia presided over the event. The welcome address was delivered by prof Afzal Ahmed, head, department of civil engineering, UIU.

Saber Hossain Chowdhury expressed hope that the CSIRS–UIU would play an important role as a centre of excellence for the region in academic and action research and development as well as Smart Bangladesh.

Muhammad Ibrahim said that they had to work together keeping Delta Plan in front for sustainable development.

Faculty members, students, officials, academicians, government high officials, researchers and other distinguished guests from various universities and institutions were present in the programme.
