NEWAGE

Nat'l collegiate programming contest begins at JU

JU Correspondent | Published at 12:28am on March 09, 2024

National collegiate programming contest, a computer programming contest, began at Jahangirnagar University's computer science and engineering department on Friday to encourage students to be programmers.

JU vice-chancellor Nurul Alam inaugurated the two-day long contest, participated by a total of 200 teams from 114 universities and colleges across the country.

During the inauguration, the VC emphasised on technological expertise in every sector of the country to remain on the track with the fast-pace world.

JU CSE department and the ministry of science and ICT organised the contest jointly, aiming to boost programming abilities and problem-solving skills among students in the country.

'A total of 1,100 teams from 114 universities and colleges across the country participated virtually on the preliminary stage of the competition', said the convener of the NCPC-2023 professor Golam Moazzam, also the chairman of the JU CSE department.

'Among them, 200 teams have been selected for the final stage of the NCPC', he added.

The contest also featured a seminar on 'The evolution and future of competitive programming in Bangladesh', fun event games for contestants, and many more.

The contest will conclude on Saturday.
