Rajshahi University of Engineering and Technology's institutional quality assurance cell and Higher Education Acceleration and Transformation project, and University Grants Commission jointly organised a workshop titled 'Writing ATF-Sub-Project Proposal' on RUET campus on Thursday.

Professor SM Abdur Razzak, vice-chancellor of the university, was chief guest at the workshop, said a press release.

VC Abdur Razzak said that the HEAT project would play an important role in improving the quality of higher education and research in RUET.

Director of IQAC professor Md Imdadul Haque presided over the event while director of the HEAT project professor Asaduzzaman, director of research and extension office at RUET professor Abdul Khalek spoke as special guests.

Additional director (QA) of IQAC professor Md Mahmud Sajjad gave welcome speech while IQAC section officer Tasnuva Homaira moderated the programme.

Deans of various faculties, all directors, heads and teachers of various departments at RUET, among others, were present.
