BUET classes resume Nov 26

The suspended under-graduate classes of all the Faculties of Bangladesh University of Engineering and Technology (BUET) will resume on November 26 and the residential halls will reopen on November 25, reports BSS.

The university was closed since Oct 26 following disturbances by the students on the issue of abolition of class test and enhancement of stipends.

A notification signed by the Registrar of BUET said yesterday if any problem arises after putting into effect the recently announced seven-point regulations on class test the BUET authorities would take appropriate steps for their correction in conformity with university rules and tradition.

The authorities also said that they were well aware of the need for the enhancement of stipends and it had been taken up at appropriate level. The authorities hoped that the students would realise the present situation and behave responsibly.
