BUET students body regrets Dec 24 incident

BUET Correspondent

The students' action committee of Engineering University, a combined platform of Jatiyatabadi Chhatra Dal (JCD) and Chhatra Sangram Parishad, has regretted Saturday's 'incident' on the campus but held the authorities responsible for it.

In a statement yesterday the committee said that the students decided to attend classes for one week from December 10, as the authorities assured them a decision in their favour as regards their two-point demand in a week. The authorities later extended the period by another week, it said.

The action committee said

that even then the authorities failed to take any decision and as a result it started its next course of movement which includes boycotting classes.
