## Probe body on BUET incident

BUET Correspondent

An enquiry committee has been formed to investigate into the incidents that occurred in Bangladesh University of Engineering and Technology (BUET) on December 23 and 24. Prof. Iqbal Mahmood of Chemical Engineering Department is likely to lead the committee, it is learnt from a reliable source.

Meanwhile, students of BUET continued their boycott of classes on Tuesday to realise their two-point

demand. The students marched through the street on Tuesday and put up barricades on the roads adjacent to BUET for several hours. However no untoward incident occurred during this period.

The eight students organisations of BUET announced its programme to observe strike today (Wednesday).
