## BUET to decide on class test system today

BUET Correspondent

A meeting of the Academic Council of Bangladesh University of Engineering and Technology (BUET) will be held today (Wednesday) to take decision about the class test system. The students demanded change of rules for the present class test system. The class test system was introduced from 1983-84 session and 20 per cent marks are allotted from this.

Meanwhile, the students continued their boycott of classes for the eighth consecutive day on Tuesday in support of their demand.

On the other hand the Enquiry Committee continued its interrogation of the students to find out the persons who were involved in unlawful activities on December 23 and 24.
