The results of this year's Secondary School Certificate and equivalent examinations are likely to be published on July 10, subject to approval from the Ministry of Education.

Professor SM Kamal Uddin Haider, convener of the Inter-Education Board Examination Controllers' Committee, said, 'We have sent a proposal to the Ministry of Education seeking July 10 as the possible date for publishing results of the SSC and equivalent exams,' he said.

The results would be published once the ministry gives its approval, he added.
