Southern Medical College is going to organise its first scientific conference on December 4.

A total of 542 doctors and medical students will participate in the day-long conference to be held on the college campus in Chattogram.

A press conference was organised by the organising committee at Chattogram Club yesterday where MA Salam, chairman of Southern Medical College Hospital governing body, was present as chief guest.

College Principal Prof Jaybrata Das and SMCH Summit 2025 Organising Secretary Prof Meherunnesa Khanam were, among others, present. A total of 63 research articles will be presented at the event.
