AFM KAMALUDDIN HALL, JU

The newly constructed hall which was known as Hall No. 4, at Jahangirnagar University, has been given a name. It is now called A.F.M. Kamaluddin Hall after the late Vice Chancellor, who was the professor of geography and also, the President of Bangladesh Geography Society During his period as Vice Chancellor the development works of the University were praiseworthy. The contribution

he left for the University as well as the education sector of the country is memorable. My thanks to all who offered their valuable help in favour of naming the hall A.F.M Kamaluddin Hall. This will keep the memory of Professor A.F.M Kamaluddin alive.

MD ISMAIL,
Deptt. of English
Jahangirnagar University
