

## Atabari College teacher S without salary for a year

Our Correspondent

KISHOREGANJ: The teachers and employees of Atabari College under Ishwarganj upazila are passing days in serious hardship as the government contribution towards their salary has been withheld for the last 11 months.

It is learnt that the government contribution was withheld as a punitive measure against some irregularities during the Higher Secondary Examination at the college centre in 1986.

Some question papers marked "Kha" were distributed in the halls in place of the question papers marked "Ka" in that examination, it is gathered.

The college management held the Principal as responsible for the irregularity and put him under suspension. They placed the case before higher authorities for final decision. But the authorities concerned did not lift the order of suspension of government contribution towards the salary of the 22 teachers and employees of the college.
