## 2 Bangladeshi scientists get Einstein medal

Two Bangladeshi scientists were awarded Einstein medal by UNESCO recently for their contribution towards the development of science and technology, reports BSS.

According to a Dacca Museum Press release on Monday Prof. Innas Ali Vice-Chairman, National Council for Science and Technology (NCST) and Dr. Syed Bazley Ali Joint Secretary in charge of S&T Division and member of NCST were among the recipients of the medal.

UNESCO at a special meeting for Einstein Centennial held in Paris recently decided to award Einstein medal to the workers who have worked directly with Einstein and some others, who have striven for the development of science and technology in the developing countries.
