## BUET teachers' abstention plan to continue

By A Staff Reporter

Bangladesh University of Engineering and Technology Teachers Association (BUETTA) on Monday strongly resented over what it termed "the government's non-initiative in taking adequate measures to ensure security to the teachers, students and employees and peace on the university campus following October 19 incident" and announced that its abstention programme would

continue till fulfilment of their demands.

Addressing a news conference at Jatiya Press Club, the President of BUETTA, Prof Jasim Uz Zaman reiterated the demands for ensuring security to the teachers, students and employees, exemplary punishment to the persons responsible for October 19 incident and payment of full compensation to the affected teachers aiming at restoration of congenial academic atmosphere on the BUET campus.

Prof Zaman said that the academic activities at BUET could be resumed again only after a clear assurance by the government for security to the lives and properties on the campus because, he said, "we cannot allow our students and ourselves to face violence and terrorists".
