

Pogose School awarded first prize for science fair stall

The Pogose School, Dacca, was awarded the first prize for its stall at the Second National Annual Science Fair held at the Jagannath College centre.

Hasan Moinuddin, a student of Class X of the school, received the first prize for his project called "the sound mirror", in the physical science group. Another student of the school, Shahidul Islam, of class VI, was awarded the third prize for his project "counting heart beats" in the biological science group.

On the final day of the science fair, October 4, Education Minister Kazi Zafar Ahmed was the chief guest at a function presided over by the Principal of Jagannath College. The Minister gave away the prizes to the winners.

Best debator

Miss Shahnaz Sultana Beauty, a member of the 'Kishore Bahini' of Sukanta Academy, secured first place in Group 'KA' in the national debate competition on children's rights held on the occasion of Universal Children's Day. She was also adjudged best debator in the Dacca city competition, according to a Press release of Sukanta Academy.

Jamiatul Mudarresin confce ends

By A Staff Reporter

The week-long conference at Bangladesh "Jamiatul Mudarresin" which ended in Dacca on Oct. 7 demanded compulsory introducing vocational and technical education in the secondary level, according to a Press release on Sunday.

The conference by separate resolutions called for production oriented education. But, in the name of production no foreign "ism" should be introduced. "Islamiat and Diniyat" education should be made compulsory for the Muslim students upto class X.
