APSU demands reopening of BUET

Varsity Correspondent

All-Party Student Unity (APSU) of Bangladesh University of Engineering and Technology (BUET) at a Press conference on Monday demanded immediate reopening of BUET.

Leaders of APSU said that the closure of the university could not bring any solution to the problem. The problem should be solved through discussion and keeping the classes open, they added.

They criticised BUET authorities for closing the university and alleged that the authorities decision was taken to avoid demand for the TR ML of the killers of Ahmedullah, who was killed by miscreants on Saturday.

They demanded immediate steps to restore academic atmosphere on the BUET campus. They also demanded arrest and punishment of the killers.
