BUET campus incident condemned

Staff Correspondent

The Mechanical Engineering Alumni Association of Bangladesh University of Engineering and Technology (BUET) condemned the destructive incident caused by a number of students on the BUET campus recently.

Dr. A.K.M. Sadrul Islam, General Secretary of the Association in a statement on Monday said that the students went on ransacking and destroying huge wealth of the University as the University Authorities expelled a student for one year for adopting unfair means in the examination. They also attacked the residential area of the teachers he said.

"This sort of incident by the student of BUET will not only hamper the glorious image of the University but also raise question about their acceptability as engineers", Dr. Islam complained.

He demanded exemplary punishment for those responsible for the incident after proper investigation and urged all concerned to bring back congenial academic atmosphere in the university through united efforts.
