Education Week from next month

The second National Education week will be observed all over the country next month.

Talking to BSS the Education Minister, Mr Mahbubur Rahman, on Wednesday said the Education Week would be observed in three phases at district, division and national levels for which necessary preparations were being taken.

The national level function of the week will be held in Dhaka at the end of January 1988 in which Education ministers of the SAARC countries will be invited to attend, he said.

Activities of the week include debate, seminars and cultural programmes. Students and teachers of different educational institutions and education administrators will take part in the week's activities.

Mr Rahman said the Chancellor's Award to the best meritorious students would also be given during the week.
