### Colleges in trouble

The three colleges in the Sathia Upazila at Sathia Ataikula and Kashinathpur in the district of Pabna have not received any government grant till today. The strength of students have increased but no development work is possible in absence of any government grant. The income from the tuition fees of the students is not enough to cater for the furniture of the students.

Sathia College has not received any govt. grant so far. The library and the laboratory are both ill-equipped. Ataikula College and Kashinathpur College are no better. Due to financial problems, the colleges are facing a lot of problems.

The Education Minister, is, therefore, requested to look into the problems of Sathia College, Ataikula College and Kashinathpur College of Pabna district.
