Body to study traditional medicine set up

By A Staff Correspondent

The Government has formed a 10-member Central Co-ordination Committee, headed by Prof. Nurul Islam Director of Institute of Post graduate Medicine and Research for the scientific study of the effect of traditional medicine.

It has also been decided that 10 out of the existing beds in the Dacca Medical College Hospital will be earmarked for study of effect of traditional medicine on diabetes mellitus and 10 beds in the Sylhet Medical College Hospital for studying traditional medicine on intestinal worms and oedema.

The Committee will prepare projects for diabetes mellitus, rheumatoid arthritis, intestinal helminths and oedema.
