

The Bangladesh Times National Heart Foundation formed

A National Heart Foundation has been formed to apprise and motivate the people about the prevention and treatment of Cardiac cases throughout the country and to provide an organisation for the benefit of and services to the patients suffering from Cardiovascular diseases.

Announcing the formation of the Foundation a Press release said that the Government has already started a Cardiovascular Institute at Dacca for prevention and treatment of the disease and also for training up doctors nurses and paramedical personnel. The aim of the Foundation would also be to supplement the Government efforts in this regard.

The announcement said that almost all types of heart diseases are prevalent in Bangladesh and there is little facilities for prevention and treatment of the Cardiac cases. It says that Cardiac cases after modern treatment can become useful members of the society.

Mr. Justice Syed A B Mahmud Hossain and Brigadier Abdul Malik have been elected President and Secretary General respectively of the Foundation. Mr. Azizul Huq, Minister for Agriculture and Brigadier A K M Nowab Ali have been elected Vice-President and Second Vice-President respectively.
