Plea For Bengali Composition

Sir.—We are the inheritors of one of the richest languages in the world which has been introduced in our colleges and Universities as a medium of instruction. It is heartening to see that the Government has issued memorandum ordering introduction of Bengali in Offi ce works. To implement the order and to materialise our cherished desire of establishing Bengali in each and every field of our national activity and thus transforming peoples will into a reality—we feel that the 'Institute of Bankers Bangladesh should not lag behind. Here we would like to suggest that the Institute will introdu ce Bengali Composition, and Bank correspondence' in the Banking Dinioma Examination which is obtainable in lieu of English composition of Bank Correspondence with no further loss of time. are sure this will infuse our Bankers to follow their mother tongue in their professio ial dealings -Yours etc. MD SHAHJAHAN AND ABDUL MATAN Rupali Bank Dacca.
