

Re-introduction of quota system in service urged

People of northern districts now residing in Dacca in a meeting on Sunday demanded re-introduction of quota system in recruitment by different government departments and autonomous bodies, reports BSS.

The meeting observed that the disparity between the different parts of the country would be widened unless the quota system was reintroduced.

This would also deprive the people of the northern districts of their rights, it added.

Presided over by Mr. Sham-sul Huda, a former Editor of now defunct daily Morning News, the meeting in a separate resolution demanded setting up of a bench of the Supreme Court in the northern part of the country.

The meeting also called upon the Government to take steps immediately to turn Charni-chael College into a university.
