

RH students stage demonstration

By Our Varsity Correspondent

The students of Rokeya Hall of Dacca University staged a demonstration for about an hour in the Hall premise on Friday when the Vice-Chancellor Prof Fazlul Halim Choudhury went there to formally inaugurate the extension building of the Hall.

The students locked the main gate of the Hall just after the function began. They were demanding action against those responsible for the incident in the Hall last April in which two girl students were severely beaten up.

Dr Mahfuzullah Kabir, Pro Vice Chancellor, Dr Iazuddin, Chairman of the Department of Soil Science, Dr Mohabbat Ali were among others present when the students staged the demonstration.

It may be mentioned here that the students of Rokeya Hall demanded for publication of the report of the Investigation Committee formed six months ago to investigate into the incident of the Hall. They demanded action against three girls allegedly responsible for the incident and reinstatement of Mrs Razia Khan Amin, former Provost of the Hall. The students also demanded suspension of the seven guards of the Hall who were also allegedly connected with the incident.
