

Dacca College stand explained

By A Staff Correspondent

Dr. Ali Ahmed, Principal of Dacca College in a statement to the Press on Friday explained the stand of the college in its relation with the Bangladesh Government College Teachers' Association.

The following is the statement:

"We have gone through the opinions of Mrs. Jahan Ara Begum, Temporary President of Government College Teachers' Association. The decision taken by Dacca College is based on the following grounds: (i) The present office-bearers changed the methods of voting which deprive the general teachers of their right of franchise and some other provisions of the constitution in an unconstitutional way; (ii) They did not allow the General Secretary and Treasurer to read out even the annual report in the meeting to which they were invited; (iii) They did not allow many others including myself except their cotarie to speak in any meeting; (iv) In all meetings they created indiscipline, chaos, confusion and used force so that saner people could not speak; (v) What they said now was already said by the previous committee which was de-throwned for the reason that they had deferred the strike in view of the General election, submission of examination of entry forms and fees for the greater interest of the country, students and guardians. (vi) The temporary association did not even hesitate to interfere into the internal administration of Dacca College which is not its objective at all."

Selected for MBBS admission from waiting list
