

Research on social problems emphasised

A two-day first national conference of Bangladesh Sociology Society began at the Dacca University Teacher Student Centre on Sunday morning, reports ENA.

Pro-Vice-Chancellor of Dacca University Dr. Mafizullah Kabir opened the conference while Dr. A.K. Nazmul Karim Professor of the Sociology Department was in the chair.

Speaking on the occasion Dr. Kabir said that the sociologists played a vital role in solving various social problems.

He called for more sociological studies to find out solutions to social problems in the country.

He expressed the hope that the conference will greatly encourage the sociologists to work for solving the country's various problems.

In his presidential speech Dr. Nazmul Karim said sociologists can best find out the evils of the society and suggest their remedies. He emphasised the need for research on the contemporary social problems so that those can be solved in a better way.
