Lecturers of govt colleges go on strike

A Sun Report

Lecturers of government colleges under Dhaka, Rajshahi and Jessore boards yesterday (Monday) began a strike for an indefinite period to press their 12-point demand, according to a press release of their association.

The colleges under Comilla Board, however, remained outside the purview of the strike programme due to the on-going HSC examinations under the board, the association said.

The 12-point demand of the lecturers include promotion and fringe benefits for them.

HSC practical examinations and 'special examinations' will be held during the strike period, the press release said.
