

New text books for Class IX from next week

FARIDPUR, Feb. 4: Education Minister Dr Abdul Majeed Khan said here today that the five text books for Class IX, that have been revised according to new syllabus will be available in the market in the next week, reports BSS.

Every science teacher in all the high schools of the country will get a complimentary copy of new science text book for actual evaluation and to incorporate their personal experience in the compilation of the revised edition by the end of the year.

The Minister was addressing the heads of different educational institutions and officials of Faridpur district here at the PWD rest house this morning.

Dr Khan said the government has also taken appropriate measures to rationalise the

conducting of the public examination to get rid of widespread corruption and to give emphasis on the equality of education.

According to the new guideline, the Minister said, the centre for SSC examinations will be at thana headquarters and for HSC examinations at the sub-divisional and upgraded thana headquarters.

The Minister, however, said that there would be exceptions but there should be genuine ground for setting up centres elsewhere in the country.
