### Text books review body formed

Government has formed a committee to review and make necessary corrections to the mistakes found in text books at primary and secondary levels, reports UNB.

The committee formed with distinguished educationists of the country Tuesday held its first meeting at the auditorium of the Ministry of Education with a view to introduce fresh text books for the coming year.

Professor Zillur Rahman, Education Adviser delivered the policy making speech.

He said a education system that inspires democratic values and nationalism with practical and contemporary approach is a precondition for social development.

He urged the educationists to help the government to formulate a education policy imbued with premise to fulfil peoples expectation and aspiration.

The meeting was addressed among
