

City educational institutions will open on Oct 1

All educational institutions in the Dhaka city will resume normal functioning on October 1 as announced earlier, an official handout said on Saturday, reports BSS.

Any institution which, for unavoidable reasons, is not in a position to reopen on October 1 has been advised to contact the concerned Director General (Secondary and Higher Education, Primary Education) for necessary instruction.

Educational institutions outside the Dhaka city which have been closed on account of the flood will reopen on dates to be decided by the concerned district administration.
