Cancellation of Kamil 10th paper exam

We the 'Kamil' candidates, 1989, from the Madrasah-e-Alia, Dhaka centre, under the Madrasah Education Board, are very much shocked and astonished to know that the 10th paper examination of our examination centre held on the 3rd of July has been declared cancelled on the basis of the report of the invigilators from the Ministry of Education to the effect that there had been mass copying on that day.

In this regard, we would like to say that there was hardly any copying on that day. In fact, it was absolutely impossible for anyone to take any advantage in the presence of more than three invigilators circling round the 'hall' from the beginning till the final bell. What undoubtedly disproves mass copying is that only one student was expelled on that day. Nevertheless, even if it is proved that there was copying, what is the fault of that boy who toiled for two years, spent hard-earned

money and did never turn his head for anyone's help while he was in the examination 'hall' and took his exam, with honesty and integrity? Why will he be the victim of injustice with all his innocence?

We can say with firm belief that there were more than one, like this boy, and they are able to sit for the examination at any place and at any time. But we have noticed with great despair that the administration has shown no intention to hold the examination for the second time and has not yet made the fate of the subject clear to us as well.

In these circumstances, we find ourselves in deep despair and uncertainty. We urge the concerned authority to sincerely reconsider the decision at the earliest and help us prosecute our further studies without any anxiety.
