MBBS students boycott exams

The MBBS final year students of the four medical colleges under the Dhaka University on Tuesday boycotted the final examinations protesting reschedule of the dates, reports UNB.

However, the authorities were all set to hold the examinations on Tuesday amidst tight security.

Police were posted in the premises of Dhaka, Sir Salimullah, Mymensingh and Barisal Medical Colleges following students threat to disrupt the examinations.

Students supporting the boycott gathered outside the Dhaka Medical College to prevent examinees from attending the examination. No untoward incident was, however, reported.

Similar situations prevailed in three other medical colleges of Dhaka University.

The college authorities were not available for their comments till writing of this report.
