Principal's office  
ransacked,  
Rangpur Medical  
College closed

Our Correspondent

RANGPUR, Apr. 13:—Rangpur Medical College has been declared closed since this today following ransacking of the Principal's office chamber by some unruly students. The students forcibly obtained the resignation of the Principal and asked him to quit the college immediately. Their demands also included granting permission to seven third year students to sit for the examinations. There is no water supply to the students' hostels for two months.

The Principal had a meeting of the Teachers Council and later declared the college closed. The students have been asked to vacate the college positively by today (Friday) morning. The students have made it clear that they would not comply with it. Police contingents have been deployed. A tense situation is prevailing in the campus.
