098

The Prophet Hazrat Muhammad (SM) has been named the top and most influential person among the billions born so far, in a book 'The 100' by Michael H Hart, a US historian and astronomer, reports BSS.

The name of the Prophet Mohammad (SM) tops the list in the book "the 100 containing 572 pages because, according to the author, "he was the only man in history who was supremely successful on both the religious and secular levels."

The review of the book appeared in the Newsweek in the last week of July.

According to review, the key to Hart's choices is not an individual's personal stature but the total influence that each of them had on human history and on the everyday lives of the human beings.
