Farm census report out

Bangladesh Bureau of Statistics has published the first and second volumes of the national report on agricultural and cattle census made on the basis of complete counting held in 1983-84, an official handout said in Dhaka on Tuesday, reports BSS.

The first volume included basic information on agricultural and non-agricultural families, their total land and distribution of these lands for different agricultural activities, cattle, poultry, cottage industries, agricultural labour families and their complementary economic activities upto upazila and district levels.

Besides, this volume included and analysis of the results of the census of 1983-84 comparing with the sample survey results of 1960 and 1977 as well as the current accounts.

In the second volume descriptions were given of all the crops in Bangladesh along with the land area under these crops at national and district levels.
