

BAI teachers resign en masse

Staff Reporter

All the teachers of Bangladesh Agricultural Institute (BAI) at Sher-e-Bangla Nagar in the city yesterday resigned en masse protesting Thursday's violent activities by a section of students, in which several teachers were maltreated.

The students became violent when the chief superintendent of examinations prevented them from adopting unfair means in the examinations.

The teachers of the institute also decided not to hold any examinations at the institute.

An emergency general meeting of the BAI teachers with principal AKM Shahidullah in the chair took the decision on Thursday night.
