per checking at the gates.

Besides, the members of the Interim Education Environment Committee, hall authorities and teachers, police were present at the gates to ensure that only the resident students entered the dormitories.

Before allowing the students enter the campus the Education Environment Committee searched all residential halls to be sure that no outsiders were there, the Vice-Chancellor said.

He said that all possible measures were taken to ensure a congenial and smooth academic atmosphere in the campus so that no unhappy incidents could take place again.

Bangladesh Railway's university shuttle trains resumed schedule services since this morning.

Students complained that the armed outsiders during their unauthorised occupation of the dormitories from January 6 to February 6 took away or destroyed their books, notes, certificates and quilts and in some of the rooms even the bedsteads were missing.

The armed outsiders also

damaged the dormitory rooms, door and furniture, they added.
