### CU Masters exam date shifted

Chittagong Bureau

CHITTAGONG, Oct 15:

The Master Degree examinations of the Chittagong University will begin on January 10 next year instead of November 10 this year.

A meeting of the Academic Council of the university took the decision amidst agitation by examinees concerned for shifting the dates.

The examinees who kept the main gate and the administrative building of the university under lock and key for hours today to press home their demand argued that the shifting was necessary because the syllabuses remained incomplete due to campus violence and the floodings.

The Chhatra Sangram Parishad supported the demand.
