BCU's concern over price-hike of edn accessories

Varsity Correspondent

Bangladesh Chhatra Union (BCU) at a meeting on Saturday expressed concern over the reckless price-hike of educational accessories including papers and demanded immediate step to control the prices.

Chaired by BCU City Unit President Humayun Kabir, the meeting said that the prices of writing paper and other educational accessories had gone out of the purchasing capacity of general people. Charging the dishonest businessmen and government's irresponsibility for the abnormal price increase of educational goods the meeting called upon students, teachers and guardians to raise voice against the price hike.

The meeting held at city BCU office was addressed, among others, by Rustam Ali, Bikash Saha and Rafiqul Islam.

BCU will hold a rally in front of the National Press Club on April 20 in support of the same demand, says a Press release.
