### CUTA seeks cooperation in reopening of CU

CHITTAGONG, Aug 21: Chittagong University Teachers' Association (CUTA) had sought allout cooperation of student organisations, guardians and conscious citizens for reopening the university, a press release said today, reports BSS.

Chittagong University was closed *sine die* about two weeks ago following clashes between rival student groups.

CUTA at a general meeting, held on the campus with its President Prof Manzur Morshed Mahmud in the chair, termed the decision of the authorities to close down bus service on the campus as realistic and reasonable in consideration of overall situation. It expressed concern over students' movement against the university decision.

The meeting felt that if the students had any reasonable demand that could be implemented through discussions.
