

DU MA students ransack dean's office

By DU Correspondent

A section of masters final year examinees of the Dhaka University yesterday ransacked the window panes and flower tubs of the Dean's office at the Arts Faculty, demanding rescheduling of their examinations.

The students, under the banner of 'Sadharan Chhatra-Chhatri Brindo' (general students) gathered in front of the dean office at around 12 noon and went on rampage as the university authorities did not give any decision in their favour.

The masters final examination is scheduled to begin from early next month.

The students demanded rescheduling of the examinations by at least one month so that they can prepare properly. The students have been demonstrating in support of their demand for the last few days.
